Empowering Madison Youth to Succeed **Helping Kids Stay In School and Prepare for Life**

EXECUTIVE DIRECTOR'S REPORT March 2021

Madison Team Success: We have added more students at MHS over the last two weeks and Allen will add 7 additional students at MMS when referral paperwork is completed. With these additional students added we will have met the projected number (70) of students served for this academic year. Our Request for Funding Proposal has been electronically submitted through our NC Allies system and all program funding requests will be considered at our March JCPC meeting.

After School Program Bonner Program: No progress on re-starting the After School Program.

Great Leaps Math: No activity.

Other: Faculty began receiving their Covid vaccinations Friday 2/26 and 3/5. At Dr. Hoffman's request I assisted the School Board with feeding the Madison County Health Dept. volunteers who worked on 2/26 vaccinating our employees.

Our local JCPC review was completed and it was reported to our JCPC meeting on Feb. 16th where we were recommended for funding this coming year. JCPC Area Consultant Megan Webster will be here on March 23rd to complete our program 3 yr. review.

Governor and the Legislature are "discussing" returning to in school instruction. There are some large systems in NC that have not returned to any face to face instruction this year. Most other systems have engaged students who feel safe returning to the classroom even if on a limited basis.

**Thank you for visiting our
website!**

“We tutor and mentor students in academics and life and encourage them to keep taking the next step when the only answer they see is to turn and walk away. We need your help financially and we ask you to share your time and abilities that can make the difference in a Madison County young person’s life!”
